

Maxwell Hudson

maxnhudson@gmail.com | 608-354-6587 | Madison, WI, 53716

Professional Summary

Motivated Computer Science graduate poised to launch a career in software development, equipped with strong problem-solving abilities and hands-on experience in both collaborative and independent settings. Possesses a solid foundation in programming languages and software engineering principles, complemented by a passion for creating innovative solutions. Committed to continuous learning and adapting to new technologies, ensuring contributions align with industry best practices. Eager to tackle challenges and drive impactful results within a dynamic team environment.

Skills

- Proficient in C++, Java, JavaScript, TypeScript, Python, Haskell, R, Rust
- Git proficiency
- Full Stack development
- Algorithm implementation
- Virtualization and containerization technologies
- Web Frameworks
- HTML, CSS
- SQL
- AI libraries like Pytorch

Education

Bachelor's: Computer Science
University of Wisconsin - Madison | Madison, WI

- Graduated August 2025
- Dean's List 2024

Relevant courses: Data Structures and Algorithms, Introduction to Artificial Intelligence, Machine Learning, Operating Systems, Web Development, Mobile App Development, Cloud Computing, Cybersecurity Fundamentals, Programming Languages, Discrete Mathematics and Combinatorial Optimization, Computer Architecture, Human-Computer Interaction

Relevant projects and coursework:

- **Mushroom Tracker:** Designed and built the front end for a web application that allows users to log mushroom discoveries, including uploading geolocation data with each entry. Focused on creating an intuitive user interface to display and filter mushroom sightings based on map coordinates and other attributes.
- **OCaml in Haskell:** Created an interpreter for the OCaml programming language using Haskell. This project deepened understanding of language parsing, evaluation models, syntax tree construction, and semantic analysis, while highlighting key similarities and differences in language design and runtime philosophy.

Work History

- March 2018 to April 2023
Cook
Burrito Drive - Madison, WI

 - Utilized inventory management and scheduling systems
 - Prepared and served food in a from-scratch kitchen with 400+ tickets per shift
- May 2017 to March 2018
Delivery Driver
Panera Bread - Madison, WI

 - Coordinated delivery logistics with several teams
 - Regularly operated dispatch to consistently exceed the 6 deliveries per driver per hour quota
- August 2016 to June 2017
Sales Representative
WeedMan Lawn Care - Middleton, WI

 - Developed and maintained relationships with clients
 - Awarded Salesperson of the Month by regularly exceeding sales quotas and maintaining a lower than the 2% average cancellation rate
